

**DGPS**

**StarNite FILM FESTIVAL**

**Celebrating our 45<sup>th</sup> Anniversary**

**Dubai Gem Private School celebrates a milestone...**

It takes a million years to make a star and another few millions for it to vanish!

Education, in every aspect has to be approached holistically. Whether it is the teaching in a classroom, learning from a text book, researching online or listening to an expert sharing information; all, in one way or another reaches the goal of getting an individual to the next level of knowing more. Well, gathering information and assessments are one of the many ways we learn, however every one of us has a part, which we want to share with the world, to teach others in simple ways our understanding of life - its joys and vicissitudes. It is our creative imagination that can lead to this transformation, paving way for a greater change, a greater good of society.

We have therefore assembled our creative geniuses', drawn up small teams wherein we can sketch our ideas on the drawing board, script it, plan and showcase a theme using the medium of a short film, hence the DGPS StarNite Film Festival.

The films will encompass various messages on different aspects of life, years of growing and understanding; observation and views from one to many walks of life.

It aims at innovation in learning using art, craft, writing, design, logistics, management and execution, as they combine to make a successful short film. These are the few of the numerable aspects that unite when making a film, not side-lining the one that pioneers- Teamwork!

We have begun our journey on a positive note and hoping, our creative imagination can woo a large number of audiences, primarily bringing about a change in thought and action, expressing life's packages in a fun way.

Join us on our starry journey!

We welcome you to StarNite Film Festival.

Date: Saturday 27<sup>th</sup> February 2018
