

Principal's Newsletter - Feb 2018

The annual DSIB Inspection at our school from Sunday 11th to Thursday 15th February was rigorous and productive.

The management would like to thank all those parents who completed the KHDA survey to support with the inspection process and the parents who met with the inspectors and spoke with them on a range of subjects. Your constructive feedback is very much appreciated and instrumental in supporting and driving school improvement.

I will share the final outcomes of the report as soon as it is released. Our students as always have done us proud, demonstrating highly positive approaches to all aspects of learning and school life.

The term ahead is very eventful and exciting. We look forward to welcoming parents for the annual athletic meet over the next two weeks in the Secondary and Primary. The young ones in Year 1 will celebrate their 100th day in school with a concert for parents. This will be followed by the annual Carnival and Mother's Day celebrations.

The students of Year 11 will be busy with their Mock Examinations and Practical Examination in March. We wish them all the very best of luck!

Please check the schedule for all the forthcoming events in school.
