MY VOICE - MY ART Exploring new beginnings

"Exhibiting my pieces of art at the Picasso Art Gallery through the Art Exhibition THE UNEXPOSED: A NEW BEGINNING has opened a new door of opportunities for me. I am still reeling from the overwhelming response my work has received from the people involved. The whole experience of meeting with artists from around the world; learning about their art styles is a whole new level of learning for me. I attribute this success to my school, Dubai Gem Private School and the faculty for believing in my abilities, and for making me the confident and articulate artist that I am today."
