

## Aria Kanara Shines in Her Debut Singing Performance

We are proud to share that Aria Kanara of Year 2 delivered a remarkable debut performance at the Melodica Music Institute's Summer Concert on June 17. Performing a popular Taylor Swift song, Aria captivated the audience with her confident voice and vibrant stage presence. As the youngest of the three singers in her group, she impressed both instructors and spectators with her poise and enthusiasm, especially notable given that she began vocal training just two months ago. In recognition of her talent and effort, Aria received a Certificate of Appreciation. Congratulations, Aria—we look forward to many more performances ahead!
